In conjunction with BBC Sport, BBC i offers a double interactive service for World Cup 2006. It highlights, analysis and commentaries are linked to BBC Match, I'm an additional service for the hen game audience. It includes a non-stop England team, World Cup E. a. e ea. and highlights from the matches.

For example, the goal of the game and the minimum value of the machine BBC is the only place where it can be.

BBCi will be screening every minute of every match of the World Cup final. The goal from all the games, even ended BBC coverage, will be available of course England game.

It's all football and it's all in one place.

## **BBCi World Cup Zone**

### **How to access it**

Or, instead of buying BBC football broadband, all Digital TV users have the Red button on their remote control. The interactive menu and electronic programme guide need no instructions. The service is designed to be simple, giving a brief guide to each game.

(First time users of interactive TV need no instructions. The service is designed to be simple, giving a brief guide to each game.)

The home page for the BBCi World Cup Zone is a multi-screen viewing mini-website combining a ticked guide to the tournament, news and features, along with a dedicated feed for the final.

## Online

BBC Sport's dedicated World Cup website features live and running information on the elimination of teams from the BBC.co.uk/worldcup and once the names kick off it will be more detailed and dynamic. It will be before the final.
