

THE SARAH JANE ADVE!

1

CONTINUOUS from Episode One.

13 year old SKY stands paralyzed with fear. As SARAH JANE, CLYDE and RANI look on in amazement.

RANI

What just happened?

SARAH JANE

I think Sky just grew up.

CLYDE

With no birthdays? That's just rubbish.

THE METALKIND has stalled, hesitating...

THE METALKIND

I am too late...

MISS MYERS, a little further off, her arms spread in triumph.

MISS MYERS

Face your destruction, Metalkind! The child is your doom!

FX SHOT: An involuntary pulse of SKY ENERGY (another colour, somehow more aggressive than the angel energy) bursts from Sky.

She screams with fear and confusion.

SKY

What's happening to me?!

FX SHOT: The energy hits the Metalkind in the chest - throws it off its feet and across the floor.

Sarah Jane lunges towards Sky, holds her.

SARAH JANE

Sky, don't be frightened.

The Metalkind is badly hurt. Incapacitated.

MISS MYERS

Again, my child!

FX SHOT: Sky looks at her hands - energy fizzing around them.

SKY

What am I?

MISS MYERS

You are the hammer to crush the
Metalkind! You are the weapon and the
salvation of our species! Destroy your
enemy!

But Sarah Jane holds Sky tight, Looks into her eyes.

SARAH JANE

No, Sky. You don't have to destroy
anything. You don't have any enemies!
Just be calm. Trust me. It's all
right.

And in Sky's eyes - recognition.

SKY

Sarah Jane?

SARAH JANE

Everything is going to be all right. I
promise.

And she smiles.

FX SHOT: And the Sky energy vanishes.

As Clyde and Rani join Sarah Jane, Miss Myers is furious.

MISS MYERS

No! Stop your meddling, and give me the
child!

Miss Myers extends her hand towards Sky.

MISS MYERS (CONT'D)

Come with me, it is time to return home
and fulfill your purpose.

FX SHOT: Sky shimmers with warning Sky Energy.

Miss Myers backs off a step.

SARAH JANE

I'm not sure she wants to go with you.

MISS MYERS

CLYDE

Introducing Miss Myers - she spells it the alien way.

SARAH JANE

And my name is Sarah Jane Smith, and I don't think you're a fit parent.

MISS MYERS

You do not understand. She is a weapon! Grown in a laboratory to destroy the enemies of my species. I grew her!

SKY

What does she mean?

RANI

Don't listen to her, Sky.

Sarah Jane faces Miss Myers. Steely.

SARAH JANE

None of us can help the way we come into this universe. But we all have a say in what we become. Whatever you had planned for her, this is an innocent child, not a weapon, and I will protect her from the Metalkind and I will protect her from you.

Sarah Jane fires the sonic - a pipe ruptures with a burst of steam that forces Miss Myers back.

SARAH JANE (CONT'D)

Run!

And the gang runs.

Caleb looks to Miss Myers - watching them escape.

CALEB

Should I stop them?

Miss Myers regards the incapacitated Metalkind. She smiles. Sinister.

MISS MYERS

No need. I have a better idea.

RANI

You remember when you were a baby?

CLYDE

It was only half an hour ago.

SKY

(to Clyde)

Why do you call a man who wears paper trousers Russell?

SARAH JANE

I beg your pardon?

CLYDE

It's a joke. It's funny. It makes you laugh. Oh, boy, does this feel familiar.

SARAH JANE

You were telling her jokes?

CLYDE

I was trying to stop her crying.

RANI

By making her laugh? You know what she does when she laughs.

CLYDE

Yeah. And what does she do when she cries? Looking after kids - it's a nightmare.

SKY

I liked Sid the Sleeve.

Rani and Sarah Jane just look at Clyde.

CLYDE

You really had to be there.

As Sky is fascinated by a bush. Plucks a leaf.

SKY

Everything is so green. Like salad.

RANI

This is England. It rains most of the time.

SKY

What's rain?

RANI

Water. From the sky. That's what makes the plants grow.

SKY

I'm Sky.

SARAH JANE

No. That sky.

Sky looks, smiling. A sense of wonderment.

SKY

It's beautiful.

SARAH JANE

Sky, do you remember being left here? Do you remember who by?

SKY

You are the first thing I remember.

SARAH JANE

I see. But now you're grown up, can you control your powers?

SKY

I think so.

SARAH JANE

Then you have to promise me that you will, because I need you to meet a friend of ours.

A little nervous, SARAH JANE leads SKY in. CLYDE and RANI follow.

CLYDE

Welcome to the Bat Cave.

SKY

There's a cave on top of the house?

RANI

It isn't a cave. It's an attic. Clyde was joking again. He does that. Sort of.

And Sky is checking everything out - alien technology, books, ornaments... taking everything in. Sky looks at the exploded computer screen -

SKY

Sorry about that.

SARAH JANE

Just don't do the same with Mister Smith - Mister Smith, I need you.

There's a puff of steam - but nothing more.

RANI

What's going on?

SARAH JANE

It's all right, Mister Smith. Sky won't hurt you.

And - after a moment's more hesitation - MISTER SMITH emerges. Almost nervous. Sky's eyes pop with excitement.

SKY

Wow!

MISTER SMITH

Is the child under control?

SARAH JANE

It's all right. I promise.

SKY

Hello! What are you?

MISTER SMITH

I am a Xylok. A crystalline lifeform with highly sensitive cybernetic interfaces. I would be grateful if you remained there.

SKY

Okay. But can we still be friends?

MISTER SMITH

Provided my circuits remain intact.

SARAH JANE

Sky has undergone a metamorphosis. I need you to make sure she's unharmed.

Don't worry. It won't hurt.

MISTER SMITH

Scanning.

FX SHOT: Mister Smith scans Sky. Sky grins.

SKY

It tickles.

MISTER SMITH

Please. Try not to laugh.

SARAH JANE

Mister Smith, stop fussing and analyze the scan.

And then he's done.

MISTER SMITH

Biologically, Sky appears to be a healthy twelve year old child.

SKY

Twelve? Is that a good age?

RANI

Until the spots start.

But Sarah Jane has other things on her mind...

SARAH JANE

Rani, take Sky and have a look through Luke's things. See if you can find some clothes.

RANI

Sure. Come on, Sky.

She leaves the attic with Rani.

SARAH JANE

Mister Smith, how did she transform into a teenager?

MISTER SMITH

SARAH JANE and CLYDE with MISTER SMITH.

SARAH JANE
Why have they done this? Create a child
that's a bomb? What sort of sick
species is Miss Myers?

MISTER SMITH
There is a binary planetary system at
the eye of the Tornado Nebula. One has
carbon-based life forms similar to those
on Earth. The other evolved as boron-
based life.

CLYDE
And for those of us who were watching
the netball team out the window during
chemistry?

MISTER SMITH
Boron is a metalloid element.

SARAH JANE
On one planet people evolved like us.
Bones, blood, flesh. On the other,
metal. Amazing.

CLYDE
And this Fleshkind planet - that's where
Sky's from?

MISTER SMITH
Yes. The Metalkind and Fleshkind have
been at war for centuries.

MISTER SMITH (CONT'D)

I believe Sky was created as a doomsday weapon. To destroy the Metalkind.

SARAH JANE

After all the terrible things I've seen I've never come across anything as hideous as using a child as a bomb.

SKY (O.S.)

What's a bomb?

Sarah Jane and Clyde spin around to find SKY (dressed now in Luke's shirt and jeans) and horrified RANI standing in the open doorway. And Sarah Jane is lost for words -

SARAH JANE

Oh, Sky...

SKY

Miss Myers said I was a weapon. That's bad, isn't it? Am I bad?

CLYDE

No. No way. Miss Myers, she's the bad one. Not you.

SKY

What am I, then?

Sarah Jane goes to Sky, unsure how to handle this.

SARAH JANE

The energy inside you - Miss Myers created you like that to kill her enemies, the Metalkind.

SKY

Kill? What's kill?

SARAH JANE

You take away life. It dies. It no longer exists. And that's wrong - it's always wrong.

Sky is troubled.

SKY

But if that's what I was made to do - that makes me bad.

RANI

No. It's not your fault.

SKY

I was going to kill the Metalkind. I -
I couldn't help it.

SARAH JANE

Well, that's not going to happen.
Mister Smith, there has to be a way to
reverse what Miss Myers has done to her.

MISTER SMITH

I regret not. At a molecular level, Sky
is a weapon programmed to destruct on
contact with the energies of massed
Metalkind. I'm sorry, this cannot be
undone.

CLYDE

What about - if she's a bomb - can't we
defuse her?

Sarah Jane is suddenly energized.

SARAH JANE

Oh, Clyde! You're brilliant! Turn off
the genetic trigger. Stop her
detonating. Genius! Mister Smith? Is
that possible? Genetically she would
still be a weapon - but disarmed.

MISTER SMITH

Only Sky's creator can do that.

SKY

Then let's go and ask her.

SARAH JANE

Sky, it's not going to be as easy as
that, and taking you back to the power
station is dangerous.

SKY

What's "dangerous"?

RANI

You could die.

SKY

But Mister Smith says I could die
anyway. I don't want to be a bomb.

Sky looks uncertainly at Sarah Jane

SARAH JANE's car pauses a little way off from the power station. She regards it from inside the car with CLYDE - RANI and SKY in the back seat.

RANI
I can't help thinking this is a bad
idea.

SARAH JANE
I know. The last thing I want is that
woman anywhere near Sky, but Miss Myers
is the only one that can de-program her
DNA. She has to come with us.

CLYDE
Before we get as far as that - small
point. Miss Myers may have put all the
tecchies into a trance but the guard
still looks lively.

SARAH JANE
I don't want to risk the gates again.
Old investigative reporter's
superstition - never break in the same
way twice.

Sky regards the guard in the gatehouse. Beyond it is a car park with a few cars. Sky smiles. Full of confidence.

SKY
I can do this.

And Sarah Jane's car is rolling. Sarah Jane fires the

The barrier rises.

The distracted SECURITY GUARD misses the Figaro - which
heads off around the back of the power station.

SARAH JANE parks the Figaro somewhere hidden - gets out,
followed by SKY, CLYDE and RANI.

SARAH JANE

Now stay here with Clyde and Rani.

SKY

What for?

CLYDE

Yeah. Ditto.

SARAH JANE

I need to know that Sky is safe until
I'm ready.

RANI

So we get baby-sitting duty?

SKY

Who are you calling a baby?

SKY

I suppose.

As CALEB reaches out from behind - Sarah Jane spins around.

SARAH JANE

Good. Now, take me to your leader.

MISS MYERS

Miss Smith. Welcome back.

Complete your work.

Caleb leaves, as Miss Myers turns back to Sarah Jane -

MISS MYERS (CONT'D)

I trust you're taking good care of my child.

SARAH JANE

Yes. You won't be getting your hands on her again.

MISS MYERS

Deactivate? She is our saviour. Her touch carries the power and fury of an exploding sun. Once fully unleashed it will destroy every Metalkind in existence.

SARAH JANE

And Sky will be destroyed along with them!

MISS MYERS

A sacrifice for the preservation of the Fleshkind.

SARAH JANE

It's not a sacrifice. It's slaughter. Listen to me, please, there are other ways to end a war. You just have to want peace more than death.

MISS MYERS

MISS MYERS

Once your fleshkin experience Metalkind savagery you will see that only the child can save us all!

Make the final connection, Caleb.

And on-screen Caleb connects the last cable.

Desperate, Sarah Jane grabs the mic, addresses the - Metalkind.

SARAH JANE

Metalkind! Stop this! Earth has done nothing to hurt your people!

The Metalkind looks at Sarah Jane -

THE METALKIND

Fleshkind tore the ore from our planet's womb to make their dumb slaves. They stole our children. We have sworn vengeance on all fleshkind - on any world!

MISS MYERS

I've scrambled his brain. He thinks he's calling the Metalkind to a glorious battle against Flesh. Not to their destruction.

Sarah Jane turns on Miss Myers

SARAH JANE

You're wasting your time. I will never give you Sky!

MISS MYERS

It doesn't matter. The child is primed to activate on exposure to the massed energy of the Metalkind. When they come she will destroy them. She cannot stop it. And neither can you!

Sarah Jane takes Sky by the shoulders -

SARAH JANE
No. Wars are ended by people talking,
not by killing.

SKY
But Earth won't stand a chance.
You've been kind to me, Sarah Jane,
you've tried to keep me safe. But this
is what I was created for.

SARAH JANE
Sky, listen to me. This is wrong.
Killing is always wrong. And if you
confront the Metalkind you will die.

Sky looks at Sarah Jane, eyes wide -

SKY
If I don't, you will. Earth is so
beautiful, I don't want the Metalkind to
destroy it. Maybe this is why I was

Which is ace. Cos I'm brilliant at Mario.

And they each grab the controls. Time running out.

RANI

If we don't do this right Clyde, we don't just go back to the last level.

Clyde knows. Concentrates. And locks on to one of the rods.
